A scenic view of a village built into a cliffside. The foreground shows a narrow, cobblestone path leading to an outdoor cafe where several people are seated at tables, enjoying their meals. The background features large, textured rock formations and lush greenery, creating a magical atmosphere. The text 'Fairy tale villages' is overlaid in a large, white, serif font.

Fairy tale villages

They might be tiny spots in the world map, however thanks to them the destiny of the country changed. Strategic strongholds by the Spanish border, the **Historical Villages** are the result of the work of several generations of kings who, concerned about the defense of the territory, managed to populate and fortify that region.

JOANINE LIBRARY

Join us on a fantastic journey through the **UNESCO World Heritage** sites in Center of Portugal! These incredible places of unquestionable beauty hold a unique history and a very special charm!

University of Coimbra – Alta and Sofia

Situated on a hill overlooking the city, the **University of Coimbra** with its colleges grew and developed for over 7 centuries within the old city. The classified area includes the **Church of Santa Cruz**, which dates from the 12th century, and the various colleges from the 16th century, the **Royal Palace** of the Alcáçova which has housed the University since 1537, the **Joanine Library**, with its Baroque decoration, the 18th century **Botanical Garden** and the **University Press**, as well as the large "university town", created in the 1940s.

Monastery of Alcobaça

Located north of Lisbon, the abbey of **Santa Maria de Alcobaça** was founded in the 12th century by King Afonso Henriques. Its size, the purity of its architectural style, the beauty of the materials used in its construction and the care with which it was built made this monastery a masterpiece of Cistercian Gothic art.

MONASTERY OF BATALHA

Monastery of Batalha

The Dominican monastery of **Batalha** was erected to commemorate the victory of the Portuguese over the Castilians in the Battle of Aljubarrota (1385). Its construction, which was the main architectural work of the Portuguese monarchs for two centuries, paved the way for the birth of the national Gothic style, deeply influenced by Manueline art, as it can be contemplated in the royal cloister, an authentic architectural masterpiece.

CONVENT OF CHRIST IN TOMAR

Convent of Christ in Tomar

Symbolic monument of the exaltation of the Reconquista, the convent of the Order of the Knights Templar was transferred in 1344 to the **Order of the Knights of Christ**. In the Manueline era, this monument came to symbolise the opening of Portugal to other civilisations.

Pre-historic rock art sites of Côa Valley and Siega Verde

The prehistoric rock art sites of the **Côa Valley** are located on the banks of the Águeda and Côa rivers, two tributaries of the Douro River. They have an extraordinary concentration of petroglyphs from the Upper Palaeolithic (22.000-10.000 BC), which is unique in its kind in the world and is one of the most remarkable examples of early artistic creations of the human being. The engravings are essentially figurative and represent animals, although some geometric and schematic figures can also be identified. The Vale do Côa sites (Portugal) and the Siega Verde site (Spain) form the most important collection of open-air Palaeolithic rock art in the Iberian Peninsula.

SERRA DA ESTRELA

Perfection

A scenic landscape of Serra da Estrela mountains at sunset. The sky is a clear, deep blue. The mountains are rugged and rocky, with the peaks and ridges illuminated by a warm, golden light from the setting sun. In the foreground, a calm lake reflects the mountains and the sky. The water is still, creating a perfect mirror image of the scene above. The word "Perfection" is overlaid in the center of the image in a large, bold, yellow-green, cursive font. The overall mood is serene and majestic.

A genuine journey through time. In Center of Portugal, you will find those primordial places, where you can only hear the silence. The timeless glacial valleys of the **Serra da Estrela**, the illuminated **Aveiro Lagoon**, the majestic design of the **Côa Valley**, protected ecosystems, breath-taking natural parks and many trails to discover, on foot or by bike! The wild **apple of Esmolfe**, known since the 18th century, originally from the village of Esmolfe (Pentalva do Castelo), is an exclusively Portuguese product. The apple is a small, pale green fruit. It presents an intense and very pleasant smell, "sui generis". The pulp is white, soft, juicy, sweet, with long lasting taste qualities.
